

Get More Things Done – Your Hub Homepage on www.Maersk.com Easily & seamlessly

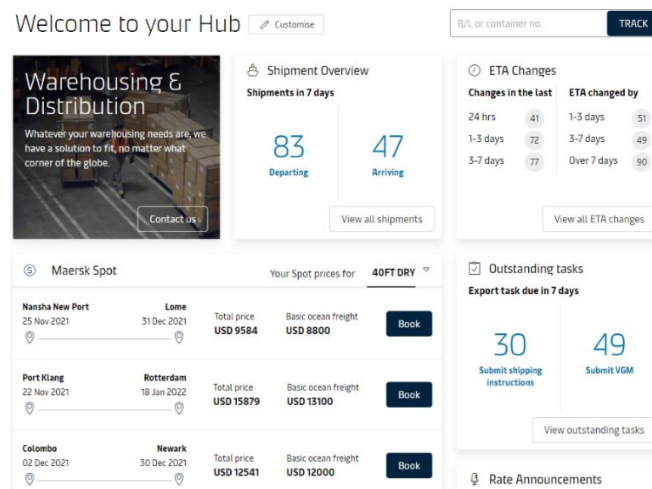

Dear Valued Customer,

Delivering things that matter to you means **time saved** and a **bigger convenience** for our customers. We are pleased to share that your web experience is now customizable through Hub on Maersk.com, a dashboard homepage to complete your most frequented actions.

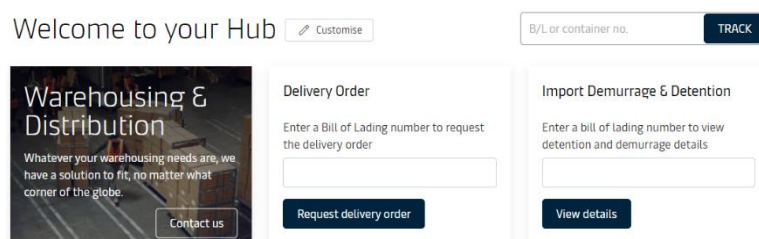

For Export Customers

We encourage you to 'customize' these widgets to be at the top of your dashboard, for immediate visibility with finding SPOT availability, tracking ETA changes to shipments, and shipment overview for pending tasks.

For Import Customers

We recommend to 'customize' these widgets to be at the top of your dashboard, for quick access to your import tasks – checking preconditional tasks for delivery order release (for Indonesia, no need to submit Delivery Order request via web, you just need to make sure all preconditional task is closed 'all in green indicator' and you can directly see your Delivery Order status release and checking free-time via Maersk One Stop Import Solution - MDDC) (Semarang, Panjang, Belawan) [Maersk Guide \(pelayaranbintangputih.com\)](http://Maersk Guide (pelayaranbintangputih.com)) (Jakarta, Surabaya)

In case of more questions or knowing detail around above, feel free to contact customer experience teams or reach out to us via Maersk website – [live chat](#).
