

How to Get Invoice in MyFinance – via Website

Easily download the Invoice

Dear Valued Customer,

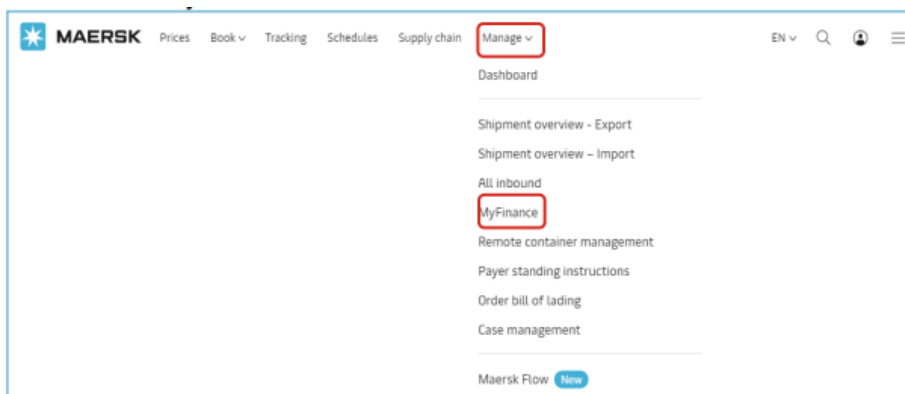

We at Maersk constantly strive to improve our service to our customers. To offer more ease in doing business, and enhancing better customer experience, we are re-introducing e-finance solution "MyFinance". You can easily search & download your invoice (which still open or already paid).

- For Export shipment, invoice will be generated once Final SI has been submitted and BL was processed (with charges updated as Prepaid) & after all containers loaded & vessel depart from Port of Loading.
- For Import shipment, invoice will be generated automatically on ETA-2. It is once feeder already departed from last transshipment port, since we use Tanjung Pelepas & Singapore.

To avoid unnecessary delays & costs it is essential that you have paid your invoice in full by the due date.

Steps :

1. Go to www.maersk.com and log in or [create new user](#) if you do not have an account.
2. Click on the **Manage** button and select **MyFinance**

3. Tick the invoice that you want to proceed.
